# LOS AMIGOS INVISIBLES

THE NEW SOUND OF THE VENEZUELAN GOZADERA

"Los Amigos are a groove-dance band in the mode of Jamiroquai, with a repertoire of tropical backbeats like merengue, rumba and cha-cha. They evoke the progressive acid jazz and house that ran through last year's club crossovers Nuyorican Soul, but they pose like maniacal twentysomething Esquivels on the make."
